

e-Panta

> every land parcel

> in each Season (Kharif, Rabi and Summer)

Scope

- To **digitally register** the crops sown with Geo Coordinates, field photographs.

Single source of truth:

- Universal Crop Insurance
- Procurement Operations
- Interest Free Crop Loans
- Input subsidy due to Natural calamities
- Aadhaar is a **12-digit individual identification number** by Unique Identification Authority of India (UIDAI)
- It maintains the Biometric and Demographic data of Aadhaar Holders.
- Serves as proof of identity for residents of India.
- UIDAI provides a mechanism to verify identity of an Aadhaar number holder through an online electronic KYC service.

e-Panta booking - Time lines & Check measures

- **Every crop sown to be booked irrespective of ownership of land**
- **Circular instruction and SOP issued.**
- **Time bound closure** of crop booking. (*Based on seasonal conditions)
- **Entry option for ' No crop', 'Aquaculture' and 'Non- Agri land use'**

- Plantation & Orchard Crops – **Locking period** based on **Age & Stage**
- **Major crops** – 80% of normal areas in village – Alerts for verification
- **Non-CCRC Cultivators** – **Every record validation** by supervisory officer
- Non webland and Govt. Land cultivators - **Every record validation** by supervisory officer
- No edit option by VAA after uploading data.
- **Social Audit** – Display of records for public view to improve transparency
- **Super Check** – MAO/MRO (10%), ADA / ADH (5%), DAO / DHO (3%), Joint Collectors (2%) & Collectors (1%).

e-KYC is mandatory in the e-Panta booking.

- **eKYC is a digital signature of the farmer in acceptance of e-Panta data.**
- **Super Check** – System **randomly selects & assigns** “e-Panta records” for the Super Check
- The Senior Officials including District Collectors visit the randomly assigned fields.
- Block level, Sub-Divisional and District Officers verify allotted records
- State officials also verify the records.
- Deviations can be rectified
- This system improved accuracy of data and efficiency of process

Social Audit & Gram Sabhas

- Social Audit is an Unique Feature adopted.

- Brings Transparency in system by involving community
- e-Panta lists Displayed at RSKs
- Grievances are electronically captured
- Helps to extend benefits to the Right beneficiaries only
- **In Grama Sabha's**, the list of the farmers with e-Panta details are readout
- Actions taken on Grievances are informed
- e-Panta booking process ends with Grama Sabha
